This thoughtfully designed three-story, end-of-row townhome offers a comfortable and functional layout with distinct living, entertaining, and private spaces across all three levels.

The entry level welcomes you with a covered front porch and foyer, leading into a convenient one-car garage and a spacious unfinished storage/mechanical area. The unfinished space provides excellent potential for storage, a workshop, or future customization. A concrete pad and additional exterior access add to the functionality of this plan.

The main living level is designed for everyday living and entertaining. The open-concept floor plan features a spacious living room, a well-appointed kitchen with a large center island, and a dedicated dining area. The kitchen and living spaces flow seamlessly together, creating a bright and inviting gathering space. A powder room is also conveniently located on this floor. At the rear, a deck provides valuable outdoor living space—ideal for relaxing, grilling, or entertaining.

The upper level provides a private retreat with three bedrooms and two full bathrooms. The spacious primary suite features a generous bedroom, expansive closet, and private en-suite bathroom. Two additional bedrooms share access to the second full bathroom and are well suited for family members, guests, or a home office.
