Striking contemporary home features a stylish exterior, 3-car, side-load garage with mudroom entry, and 9' ceilings in the daylight basement and on the first floor. A 2-story foyer creates a dramatic first impression and stylish vinyl plank flooring flows from the foyer throughout the main living areas. The formal dining room is accented by a wood trim detail on the far wall and opens to a butler's pantry, perfect for entertaining. The great room is warmed by a gas fireplace with modern floor-to-ceiling stone and has plenty of natural light from the large windows. Enhanced cabinetry and appliances, quartz countertops with a tile backsplash, and a large island adorn the spacious kitchen. Adjacent to the kitchen is a breakfast area and a sunny morning room with sliding glass door access to the composite deck offering stunning views. The 1st floor also features a study tucked quietly to the back of the home. On the 2nd floor, the owner's bedroom feels spacious with a cathedral ceiling and opens to a private bathroom complete with a tile shower, two vanities, a freestanding tub and an expansive closet. There are 3 additional bedrooms with enlarged closets, 2 full bathrooms including a Jack and Jill bathroom, and a convenient laundry room.
