UNDER CONSTRUCTION – AVAILABLE THIS SUMMER: This beautiful 2-story home includes a welcoming front porch, and a 2-car garage with entry into a spacious laundry room. The thoughtfully designed, open floor plan features 9'ceilings in the basement and on the first floor and a 2-story foyer extending to the great room. Stylish vinyl plank flooring flows throughout the main living areas. A study is across the foyer from the formal dining room, highlighted by a tray ceiling and a custom wall trim. The kitchen is well-equipped with quartz countertops, a tile backsplash, stainless steel appliances, and a large center island and pantry. Next to the kitchen is a sunny breakfast area that provides access to the rear composite deck. The great room is warmed by a gas fireplace with stone surround and ship lap above the mantel. Tucked quietly to the back of the home, the first-floor owner's suite has a private bathroom with a tile shower, double bowl vanity, and an expansive closet. Three additional bedrooms and a full bathroom complete the second floor. (The floor plan shown represents the standard layout for this home plan. Actual layout, features, and options may vary.
